

2022 IMDA AWARDS COMPETITION

Sponsorship Opportunity

The 2022 IMDA Awards Competition will recognize outstanding IML, IMD and IME submissions that were produced in 2021 or are slated for release in 2022. Entries received from around the world will showcase the best in in-mold design and technical achievement, and this year's competition includes categories to recognize the innovations related to sustainability and the COVID-19 pandemic.

We hope you will consider sponsoring the 2022 IMDA Awards Competition. As a sponsor, you will receive exposure through IMDA-sponsored events, publications, mailer pieces, the IMDA website and more.
